

*Dear Wedding Party, Family, and Guests:*

In the near future we will be celebrating a very special day that our bridal couple has chosen to share with you: their family and friends. It is very important that we all do everything in our power to make the day special and memorable for them. A shipboard wedding may be a new experience for you, so we ask that you review the information below to ensure a stress free and safe day for everyone.

**Boarding:**

Priority boarding is provided for bridal couples (as well as their guests) who are being married on the day of sailing. The boarding time is controlled by Customs and Immigration. No one is permitted to board the ship until Customs and Immigration clear the ship. Customs and Immigration have increased security measures; therefore, delays in boarding are not uncommon. Please be patient!

**Guests:**

All guests should arrive to the cruise terminal at 10:30am to begin the check-in process. Once the ship has cleared, we will be able to proceed with priority boarding. We suggest that all guests have a hearty meal prior to arriving at the cruise terminal, as food and beverage will not be provided unless a private reception has been pre-arranged by the bridal couple. Only sailing guests are permitted entrance to onboard restaurants.

**Non-Sailing Guests:**

All non-sailing guests are to be completely dressed and ready for the wedding upon arrival at the cruise terminal. The bridal couple submitted a guest list of all non-sailing guests including your names, nationalities, dates of birth, and driver's license or passport numbers. You will need to have your photo ID or certified birth certificate (children under 15 years of age) with the same number that you previously provided to the bridal couple available upon arrival. Prior to boarding the ship, you will leave your ID with Security and a guest pass will be provided. Non-sailing guests are welcome to tour the ship until the ceremony begins, however are not permitted to eat at the Windjammer Café nor at other common eating areas onboard. This is reserved for sailing guests only. Upon departing the ship, you will need to redeem your ID. All non-sailing guests must depart the ship following the wedding reception.

**Sailing Guests:**

In order to expedite check-in, please ensure that all cruise documents have been completed prior to arrival at the cruise terminal and that you have the necessary boarding documents available. Only one (1) carry-on bag and (1) garment bag will be permitted and must fit through the security scanner similar to the ones found at the airport. All other bags must be checked with the Porters. Please ensure that you have everything you need for the wedding with you, as you may not see your checked bags until after the ship sails. All sailing guests should be dressed and relatively ready for the wedding upon arrival at the cruise terminal. Once onboard, you can make your way toward your stateroom. Sailing guests will be able to drop off their carry-on bags in their stateroom prior to attending the wedding. If you lose your way, a staff member from the ship can direct you. Staterooms may not be completely clean at this time since general boarding is not until after 1 pm. If time permits, sailing guests may have the opportunity to change and freshen-up in their stateroom. Please be prepared for this time to be limited.

**The Ceremony and Reception:** Please ensure that you are aware of the time that you need to be at the ceremony and that you know the location. Maps of the ship are available at the Information Desk. Please be on time. Delays on the part of the wedding couple and/or the wedding guests may result in limited ceremony or reception time. All ceremonies are performed before the ship sails and all ceremony times are approximate and can be delayed due to unforeseen events.

On behalf of our wedding couple and our wedding staff, we thank you for your support and for sharing in this special day.

Sincerely,

*Royal Romance*
